SUMMARY

I specialize in developing web applications with **React.js** and **Next.js**, and building APIs using **Node.js, Express.js,** and **Spring Boot**. I manage databases with **MongoDB and MySQL,** and implement real-time features using WebRTC and WebSockets. With strong expertise in **Java** and **Spring Boot,** I deliver scalable, high-performance applications, collaborating with teams to ensure code quality and system efficiency.

WORK EXPERIENCE

FullStack Engineer- Heapware Technology   **Aug 2023**

 I worked on web applications using React.js and Next.js for the frontend. I built APIs with Node.js and Express.js and handled data with MongoDB and MySQL. I added real-time features using WebRTC and WebSockets. I collaborated with teams to design, develop, and deploy scalable applications, ensuring high code quality and performance

Internship-Ashwiz Arfa Tower company   **Feb 2023 - Jan 2023**

I completed a 3-month internship at Ashwiz, where I gained valuable skills and contributed to projects assigned by senior developers.

PROJECTS

BSRATE: Manage the surveys of companies | [Project](#) | [Source Code](#)

I developed BSRATE, a platform for company registration and employee management. Admins can create custom surveys and send them to employees via email. Employees access the surveys through a link, with admins having control over the survey questions.

Yoom: A video calling application | [Project](#) | [Source Code](#)

I developed a video calling app with features like instant meetings, scheduling future meetings, and viewing past meetings. The app includes a list of meeting recordings and supports user signup and signin.

Ecommerce: A complete ecommerce | [Project](#) | [Source Code](#)

I developed a full-stack e-commerce platform with features including product listings, shopping cart, and secure checkout. The platform supports user registration, order management, and payment integration. It also includes an admin panel for managing products, orders, and inventory.

EDUCATION

Bachelor of Science in Computer Science   **Sep 2022 - Continue**
Virtual University of Pakistan

FSC (pre-Eng)
Govt. Science College Wahdat Road Lahore

                                                                                      Aug 2020 - Aug 2022
